## BAGGAGE RATES

Rates given in this book are for one piece—for additional pieces see schedule below:

First Piece	Second Piece	Third Piece	All Add'l Pieces
\$ .50	\$ .50	\$ .25	\$ .25
.75	.50	.25	.25
1.00	.75	.50	.25
1.25	.75	.50	.25
1.50	.75	.50	.25

These follow up rates apply only to baggage originating all at same place.

For Example—

If customer has 3 trunks at I. & G.N. Depot going to 400 River Ave. and two trunks at Menger Hotel for the same address, the rate is \$2.25 and not \$1.75 as it would be if all came from same place.

Where grips, suit-cases, or hand baggage accompany trunk, add 25c. for each.

Where grips, suit-cases or hand baggage are not accompanied by trunk, 1st piece takes regular trunk rate, and 25c. for each additional.

### ACROSS TOWN

The rate for hauling from one part of the town to another are as follows:

Add to the highest rate  $\frac{1}{2}$  of the lower rate, if this should happen to split 25c. give the company the benefit.

### EXPRESS PACKAGES

Express packages must always be charged for at the regular rate for each piece, regardless of the fact that customer may also have one or more trunks. However, parcels not larger than a suit-case will be charged for at same rate as suit-case.
